DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1: Claim is amended for claiming "a method for arranging orders for printing in multiple columns" and "each of the orders containing at least one printed articles." From the structure of the claim, it appears that "order for printing in multiple column" means "orders for printing articles in multiple columns," and "each of the orders containing at least one printed article" means "each of the orders containing at least one article to be printed." "Printed articles" clearly means that the article has been printed.

It is unclear how the "order" contains printed article when the "order for printing articles" has not been printed yet.

Regarding claims 2-3: Claims 2-3 are rejected under 35 U.S.C. 112, second paragraph because they depend on rejected claim 1.

Allowable Subject Matter

3. Claims 4-15 are allowed.

Regarding claims 1-3; the examiner has searched claims 1-3 assuming the "printed article" is referring to "the article that is to be printed." Based on that interpretation, claims 1-3 are allowable. The applicant needs to amend the claims to reflect the correct meanings of the claims.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
